

Dr. Sanket Salvi

- ▶ DOB: 02/10/1989
- ▶ Ethnicity: Indian
- ▶ sanketsalvi.salvi@gmail.com

Skills

Full Stack / IoT Developer 8+ yrs.

Technical Writing 8+ yrs.

Image Processing / Matlab 3+ yrs.

Web development 2+ yrs.

Cloud Computing 2+ yrs.

J2EE Developer 2+ yrs.

Android App Developer 2+ yrs.

Big Data/ Data Science 2+ yrs.

Blockchain 1+ yrs.

Marathi L1

Biography

Innovative and forward-thinking academician and technologist with over a decade of experience in multifaceted roles. Skilled in project management, teaching, training, and solutions architecture. Co-author of 30+ internationally published and well-cited technical papers. Co-creator of various requirement-specific web and mobile apps as a freelance consultant. Experienced in the Internet of Things Hardware Prototyping and Testing, Technical Writing, Project Pipeline Design, and Simulations. Motivated and seeking career advancement with a growth-oriented, technically advanced organization. Passionate about new technologies, including autonomous electric vehicles, vehicle platooning, P2P energy trading, Quantum Computing, and Machine Learning. Committed to learning, exploring, and leveraging my diversified skill set for the benefit of society.

Work experience

Category	Duration (Years & Months)
Pre-PhD Teaching Experience	3 years 0 months
Post-PhD Teaching Experience	3 years 0 months
Total Teaching Experience	6 years 0 months
Research Experience	6 years
Industry Experience	0 months
Total Experience	12 years 0 months

Table 1: Experience Summary

Assistant Professor (Level 11)

01/2026 - Present

School of Computer Engineering Technology
MIT World Peace University, Pune, India

In this profile, I am instructing AR/VR course and additionally, I have overseen the Full Stack Development Lab, teaching MERN Stack.

Post Doctoral Researcher

01/2025 - 10/2025

Center for Decision Support Systems and Informatics
School of Global Health Management and Informatics,
UCF, Florida, USA

Under this profile I am working with various research groups to write research papers on the topics on Healthcare IoT and AI.

Assistant Professor (Level 11)

08/2024 - 12/2024

Department of Computer Science and Engineering
Symbiosis Institute of Technology, SIU, Pune, India

Under this profile, I am currently teaching programming in C, as a theory and a practical subject. Alongside, I am also handling an additional portfolio as a Member of the Departmental Examination Committee and the Research Committee.

Assistant Professor (Level 10)

10/2022 - 07/2024

School of Computer Engineering Technology
MIT World Peace University, Pune, India

In this profile, I have instructed courses including Design and Analysis of Algorithms, Programming in C, Cloud, and Blockchain for Data Analytics, Artificial Intelligence and Expert Systems, and Internet of Things Lab. Furthermore, I have organized additional sessions covering competitive coding using C++ and Java. Additionally, I have overseen the Full Stack Development Lab, teaching MERN Stack.

Education

08/2017 - 11/2023

Ph.D. Information Technology

National Institute of Technology
Karnataka

- *Internet of Things*
- *Li-Fi*

Doctoral's thesis: "A Framework for Efficient Modulation Techniques for Visible Light Communication for IoT Applications under Indoor Environment"

08/2012 - 07/2014

M.Tech. (Comp. Netw. Engg.)

Visvesvaraya Technical University

- *Cloud Computing*
- *Network Security*

Master's thesis: "Encryption, Compression and Key Management(ECK) based Enhanced Data Security Framework for Clouds"

07/2007 - 07/2012

B.E. (Comp. Sci. Engg.)

University of Pune

- *Game Theory*
- *Mobile Networks*

Bachelor's thesis: "A Word-set based hierarchical clustering for large datasets"

Interests

- ▶ DIY Projects / Volunteering
- ▶ Percussion / Music Editing
- ▶ Surfboarding / Travelling
- ▶ Cooking / Dance

Research Scholar| PhD student

Department of Info. Tech.(Dr. Geetha V)
National Institute of Technology Karnataka, KA, India

07/2017 - 10/2022

Under the guidance of my research supervisor, Dr. Geetha V, I have conducted experiments to analyze the effects of Visible Light Communication (VLC)/Li-Fi and designed techniques to enhance VLC performance. Additionally, I developed and modified product prototypes using working or theoretical models constructed through computer simulation.

Assistant Professor (Level 10)

Department of Info. Sci. Engg.
Nitte Meenakshi Institute of Technology, Bangalore

02/2015 - 03/2022

During this period, I served as a full-time Assistant Professor, teaching Discrete Mathematics, Python for Data Science, Internet of Things, Android App Development, Cloud Computing, and Network Security. I guided student projects and led research and consultancy projects funded by UNESCO, JNCASR, Voice-NGO, and others.

Assistant Professor (Level 10)

Department of Comp. Sci. Engg.
Matorshri Pratishthan School of Engineering, Nanded

07/2014 - 02/2015

During this period, I served as a full-time Assistant Professor, teaching Discrete Mathematics, and Web-Development. I also had additional responsibility of Asst. Director Research and Development.

Patents

- **Dr. Sanket Salvi**, "Wireless Sensor-Based Railway Track Crack Detection Device", Indian Patent under IPR, 464849-001, 7th July 2025 (Filed).
- **Dr. Sanket Salvi**, "Teleoperated Robotic System", Indian Patent under IPR, 202421097626, 17th January 2025 (Published).
- **Dr. Sanket Salvi**, "Li-Fi for Secured Access to Wi-Fi for Conduction of On-Campus Online Exams", South African Patent under CIPC, 2023/02929, 31st May 2023 (Granted).
- **DR. Sanket Salvi**, "Artificial Intelligence Powered Content Creation in Automated Marketing Strategies", Indian Patent under IPR, 202441025040, 29 March 2024 (Published).
- **Dr. Sanket Salvi**, "Integrated Smart Water Management System for Sustainable Urban Development", Indian Patent under IPR, 202441068913, 13 Sept 2024 (Published).
- **Dr. Sanket Salvi**, "Li-Fi for Secured Access to Wi-Fi for Conduction of On-Campus Online Exams", Indian Patent under IPR, 202424013857, 30 August 2024 (Granted).

Awards

- **Best Paper Award** in *IoT and Virtual Experimentation* for the paper "**IoTaaS: An Internet of Things as a Service Framework for Virtual Experimentation**" at the International Conference on AI and Robotics (AIR 2025), The Center of Excellence in Medical Robotics and Research, Nazarbayev University, Kazakhstan, May 09–11, 2025. Springer.
- **Best Paper Award** in *Robotics, IoT, and Control Systems* for the paper "**Continuous Sign Language Recognition using Leap Motion Sensor**" at the 3rd IEEE World Conference on Applied Intelligence and Computing (AIC 2024), India, July 27-28, 2024.

Publication Summary

- ▶ Journals: 7
- ▶ Conferences: 32
- ▶ Book Chapters: 8
- ▶ Patents: 6
- ▶ Google Scholar H-Index: 11
- ▶ Google Scholar i10-Index: 13
- ▶ Scopus H-Index: 8

Certifications

- Microsoft & LinkedIn: Human Skills in the Age of AI
- LinkedIn: Building an Adaptability Mindset in the Age of AI
- LinkedIn: Integrating Generative AI into the Creative Process
- LinkedIn: Investing in Human Skills in the Age of AI
- LinkedIn: Pair Programming with AI
- edX: Applied Local Large Language Models (Verified Certificate)
- CITI Program: Human Subjects Research – Group 2 (Social/Behavioral)
- Microsoft & LinkedIn: Microsoft Copilot for Productivity
- World Education Services: Verified International Academic Qualifications
- Google: Industrial IoT on Google Cloud
- Google: Introduction to Augmented Reality and ARCore
- Wipro : Global Java Trainer
- CloudXlab: Machine Learning Specialization
- Microsoft: Data Science Orientation
- Microsoft: Introduction to Python for Data Science
- Microsoft: Introduction to Cloud Computing
- DRPC Certified: Drone Pilot
- LinkedIn: Digital Transformation Foundations

- **Best Paper Award** in *Data Analytics and Computing* for the paper “**Early Investigations Into Music-Induced Neural and Cardiovascular Responses**” at the 2nd International Conference on Artificial Intelligence: Theory and Applications (AITA 2024), IBS Bangalore, IFHE University, India, August 9-10, 2024.
- **Best Project Award** in *Unisys Cloud 20/20* for the project “**Advhan: A Crowd Sourcing based Road Health Monitoring System**” at Unisys Corporation, Bangalore, India, 2017.
- **Best Project Award** in *Aavishkar 2017* for the project “**Agrone: A computer vision assisted autonomus drone from crop health monitoring**” at REVA University, Bangalore, India, 2017.
- **Co-Investigator & Developer** for *DIY Rainwater Harvesting Advisor Project* by **Karnataka State Council for Science and Technology (KSCST)**, Sponsored by **UNESCO** Grant Amount: Rs. 1,50,000 in 2016.
